## INFRASTRUCTURE NEED OF TIME

Good infrastructure fuels economic growth of a country. One of the toughest challenges that the world faces today is providing adequate resources like clean water, shelter and roadways to support billions of people.

In addition to the ongoing projects, VKMCPL has successfully executed over 60 projects throughout M.P. and Chhattisgarh.

Technology and business are becoming virtually inseparable. VKMCPL has invested in cutting edge technology systems in communication, data management and information intelligence to increase organizational efficiency and effectiveness, to lead the business into new industry structures and markets.

The most important asset of the Company is its people, it houses an expert staff of over 150 personnel, designers, planners, technicians and engineers.

The construction industry demands an organization to be sensitive towards quality, safety and at the same time show concern for the environment.

VKMCPL is fully cognisant of this fact, which lies at the heart of every decision-making process.
